

### **Children's Art Project for MFT Scavenger Hunt**

Create artwork relating to farming and agriculture with children as an activity/outcome of the MFT scavenger hunt, with a goal of raising awareness among youth about farming; send/share pics of works.

“What do you see when you go to the farm?”, i.e. gardens, plants, farmers working, tractors, tools, barns, animals, etc. Bring along colored pencils, watercolors or crayons and paint or draw on the farm, or take a picture and use that to do an art project at home that might involve painting, collage or even clay!

Take a good pic of the finished work and submit for the scavenger hunt, and also for a chance to show your work in the Maine Farmland Trust Gallery in Belfast, in 2021!
